Dear Bill,

I was given permission to fax you this quote. I have supplied you with remotes a while back. Did you know that Community Controls manufactures the Monarch remotes? We offer end users a 5 year warranty and dealers a 1 year warranty. We guarantee to offer you a lower price because dealers need to make profit by raising the price.

I will also throw in two extra FREE batteries for every 10 remotes purchased. Most orders are shipped out the same day the order is placed.

This quote will show you we offer the lowest price on the remotes that you use on your property. if I don't have the lowest price call me and I will beat it. If you are not in need right now keep this QUOTE for future reference. Please feel free to contact me with any questions. Thank you.

Sincerely,

Jordan Richardson
